

If You Can't Stand the Heat Get Out of the Cockpit

Flying in high temperatures has its own set of hazards and when combined with operations at high elevations it can be dangerous. We will discuss some of those hazards and some methods to mitigate them.

Directions: Greater Southwest Aviation is located on the ramp, north of the tower in Roswell, NM

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
